Special Event Liability Insurance

(REQUIRED)

Protect yourselves! Insurance to protect you

Don't forget to call your current homeowner's or renter's insurer and ask if this kind of insurance policy is available to be issued to you for free because it's a service included or if it's available to add on. Some credit cards include this as well.

IF SERVING ALCOHOL, you must include "HOST LIQUOR LIABILITY" for your personal alcohol liability - your bartenders are not required to carry separate insurance, but that's always a bonus.

Note: Liability insurance is not the same as "Event Insurance." Event Insurance helps you recover costs associated with your investment in planning your wedding or party. Liability insurance, however, is important because it helps protect you financially from guests, etc. who might experience troubles during the event. Be sure to include alcohol liability coverage if serving alcohol. Be sure to list us, your venue, as "Additional Insured"
